INDEX OF
GRAND ISLAND CITY CEMETERY
HALL COUNTY, NEBRASKA

The Grand Island City Cemetery is located in the South West one-fourth of Section 20 and the north side of Section 29, Township 11 North, Range 9 West of the 6th P.M., Hall County, Nebraska. It is bound on the west by Webb Road. West Stolley Park Road divides it on the section line.

History indicates the cemetery was started in the early 1870's with Thummel and Platt as owners of about 20 acres on the south side of West Stolley Park Road. The G.A.R. or Lyon Post Cemetery laid south of the one developed by Thummel and Platt.

The Grand Island City Council approved in regular session on 22 December 1897 an official plan of the subdivision of the "New" cemetery. It was designed by Arnold C. Koenig, City Engineer in 1897 and revised in February 1929. At this time a paid Sexton was hired and assumed control of all the cemetery.

Record keeping prior to 1910 was quite incomplete showing in most cases only the purchaser of the lot. The oldest marker was Catherina Stuhr in Row 7, Lot 16 in 1866. History indicates some of the pre-1870's markers may have been moved from other cemeteries, but there is no known evidence.

The Prairie Pioneer Genealogical Society, Inc. with Merry VonSeggern as president in 1981 began recording each marker in the cemetery. In 1983 under president, Dorothy Foster the Sexton's records were compared with the markers. A record of each burial was placed on index cards and arranged alphabetically, from which the following index was completed in 1984 under president Pauline Maciejewski. Joe Jackson was in charge of the Cemetery Committee. This record could not have been completed without the splendid cooperation and help of Sexton Mike Leth and Mrs. Wilda Paustian.

The index has all names recorded on markers. Some are pre-need. All burial records are included giving record of those with unmarked graves. There are many unmarked graves with no record of who is buried. When the County buried a "pauper" a voucher was made. However, after three years the voucher was destroyed taking the only record of who was buried.

The birth and death records maintained on this index may be had at a cost of fifty cents per name from:
