St. Mary's Catholic Cemetery - Wood River	179
Mount Pleasant Cemetery - Cairo	187
Shelton Cemetery	207
Wiegert Cemetery	227

HALL COUNTY, NEBRASKA

CEMETERY INDEX NO. 2

The Prairie Pioneer Genealogical Society, Inc. began recording each marker in all the cemeteries of Hall County in 1981. The stones were recorded and where found the cemetery records. A record of each burial was placed on index cards and arranged alphabetically by cemetery. The cards were completed in 1984. Under President Vonna J. Jackson in 1985 the cards were typed into the printed index. Joe Jackson was in charge of the Cemetery Committee.

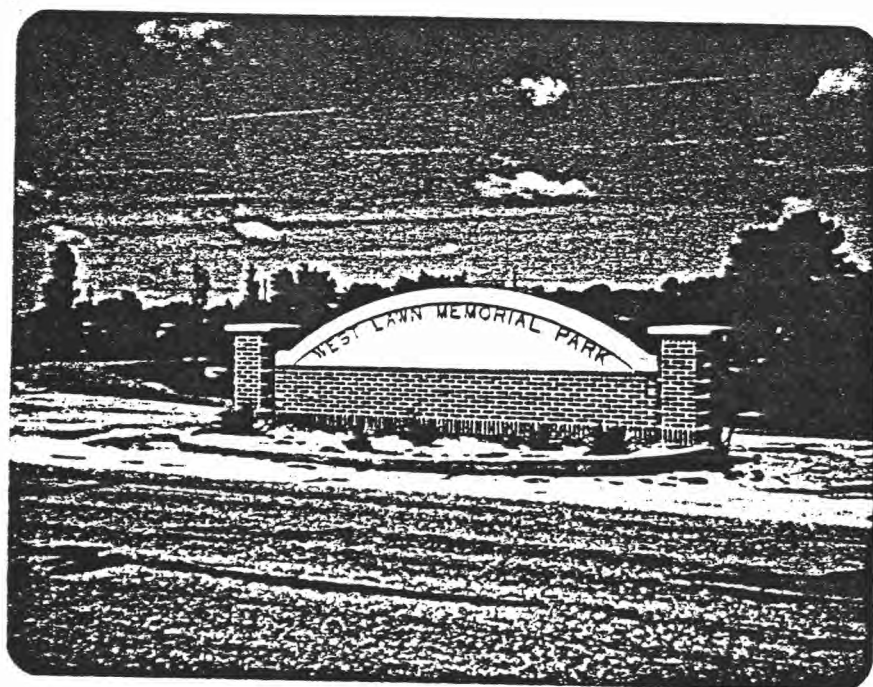

We wish to thank each Society member who read stones and records, typed cards and finally the index.

Special thanks goes to each Sexton who allowed us to go through the records. Mrs. Mabel Vohland who allowed us to use her fine records of the cemeteries in the western part of the County and Mrs. Margaret Farrall of Betsey Hager Chapter DAR on the "Duennermann" cemetery.

A special thanks to Apfel-Butler-Geddes Funeral Home, West Lawn Memorial Park and the Grand Island City Cemetery for helping financially so these indexes could be published.

The index has all names recorded from the markers. Some are Pre-Need. The birth and death records maintained on this index may be had at a cost of fifty cents per name from:

INDEX OF CEMETERY INSCRIPTIONS

Compiled By:

Darlene L. Hunter

PRAIRIE PIONEER GENEALOGICAL SOCIETY, INC.
P.O. Box 1122
GRAND ISLAND, NEBRASKA 68802

WEST LAWN MEMORIAL PARK
4900 W. Stolley Park Rd.
Grand Island, Ne. 68801

This cemetery is located on the SW $\frac{1}{4}$ of Section 24, Township 11, Range 10 in Hall County, Nebraska. The land for the cemetery on the north side of Stolley Park Road was bought by Jessie A. & Mary E. Moon from Claude & Pearl Reuting. It consists of Sections B,C,D,E,F,G,H,I,J,K, & L. The first recorded burial there was Jessie Galen Moon who died September 30, 1947. Section N on the south side of the road was bought by the Moons from Frank W. Stauss & wife on January 29, 1957. Subsequently, the cemetery was deeded to a six-member cemetery board.

The cemetery was originally managed by Jessie Moon and his son, Galen. Another son, James H. Moon, assumed the managership in 1977. As of this date (April 1982) James H. Moon and his wife manage the cemetery.

This is a well-kept open cemetery with all bronze markers set flush with the ground. At the main entrance gate is a brick wall, on the back of which is a map of the cemetery, showing the location of sections and rows. Section E is for veterans. Sections F,G,H,K, & L are primarily for Catholics. Portions of Sections D,F,I,K, & N are designated as Babyland areas wherein the markers are more closely spaced. Usually, there is only the death date shown on the markers in the Babyland areas.

There are 5,523 names in this listing. It includes all persons buried up to January 27, 1982. The last names are alphabetized and then first names. If the marker has more than one person listed, the name on the left of the marker is used to alphabetize. This listing includes:

- (1) All persons buried in the cemetery with markers.
- (2) All persons buried in the cemetery without markers.
- (3) All "Pre-Need" markers, even though there has been no burial (entry shows name, birthdate & line for death date).
- (4) All commemorative markers (markers for persons buried elsewhere).

There are 17 persons buried in the cemetery who were born between 1859 and 1869. The earliest birthdate noted is for K. Louisa Larson 1859-1940 and is shown on a commemorative marker. She was buried in Swedish Pioneer Cemetery. There are two persons buried in the cemetery with birthdates of 1860: William Kuhlmann and Florence Van Loenen.

This cemetery was read in September & October of 1981 by Darlene L. Hunter, with help from William R. Hunter and Merry Von Seggern. Darlene Hunter went back later and copied the burial records between September 1981 and January 1982. Therefore, you will see a few entries with the name and interment date only, with the notation of "Has Stone". Records updated between January 1982 and January 1985 by Joe and Vonna Jackson. See pages 57-60.

"BURKETT"
SOLDIERS AND SAILORS CEMETERY
HALL COUNTY, NEBRASKA

"BURKETT"

SOLDIERS AND SAILORS MEMORIAL CEMETERY

HALL COUNTY, NEBRASKA

The cemetery is located at the corner of Capital Avenue and Webb Road on the west side of the Nebraska Veterans Home in Grand Island.

The cemetery is maintained by the State of Nebraska as a final resting place for those Veterans and their wives, who spent their last days in the Grand Island Home. A burial plot and the services of the Chaplain are provided at no cost.

The neat row of stones at the Memorial Cemetery glisten in the sun and the grass covering the graves is dark and green. Every Memorial Day, special services are scheduled here. Small American flags are placed beside the graves of the former Soldiers, Sailors, Airmen, Marines and Coast Guardmen.

The first veteran to be buried in the cemetery was Leonard B. Thurlon of Neligh, a Civil War Veteran who died at the Home in 1888. An item found in an old account journal dated November, 1888, states: "On November 26, 1888, the Home received a bill of \$18.00 from Bohne and Ryan for a coffin and services to be used for L. B. Thurlon."

The Memorial Cemetery, originally covering 2.7 acres, was extended in 1968. Presently there are 1,033 veterans and wives of veterans buried in the cemetery.

The records of the stone inscriptions were obtained by JoAnn Gard in 1983.

THE GOOD OLD DAYS*

Grand Island (Neb.) Daily Independent

Saturday, November 9, 1974

May 12, 1885

East Grand Island Cemetery

C. Duennermann has just located a cemetery on a beautiful site one mile east of town, on a new elevation. The site is fenced, and is planted to blue grass, trees, etc., making it a most desirable location for a cemetery. The lots are 20x40 feet and are sold at \$20 per lot, or \$10 per half lot. Those wishing to purchase lots can get full particulars by enquiring of Henry Garn, at the Herold office, where plat may be seen, and all desired information obtained. Ed. Note — The cemetery is located about half a mile east of Stuhr Road on the south side of Capital Avenue.

Saturday, February 8, 1975

May 4, 1894

In conversation with Judge Platt this morning regarding the cemetery west of the city, we learned that about 1,450 interments had been made there since it was platted. The first ten acres was laid out in lots in 1872, the first four lots being bought at the time by Dr. Thorspecken, G. H. Thummel, J. D. Hayes and W. H. Platt. The latter gentleman now owns the entire tract unsold, but says it has not been a very profitable investment, and that he has been compelled to give away many lots to parties unable to purchase, or who refused to pay for the same after interments had been made.

Saturday, April 19, 1975

Jan. 7, 1897

They Buy the Cemetery *

At its regular meeting last night the city council, by a unanimous vote, decided to purchase the cemetery grounds, west of the city, from W. H. Platt. the purchase price was \$2,000 payable in four installments and gives the council ample time to realize enough from the sale of lots in the meantime to assist in paying off the indebtedness. The terms of the agreement include all the unsold lots in the old cemetery plat and the 40 acre tract lying just north, together with the buildings, fences, etc. thereon.

The INDEPENDENT has from time to time advocated the purchase of the cemetery, believing that the people demanded a better condition of things at "the silent city of the dead," and out of respect for the memory of the dead who are buried there. The city can take better care of the property, and much more economically than a private corporation, and the public will have some one to look to for the enforcement of such regulations and restrictions as will in a few years give Grand Island a cemetery ground that the citizens will take great pride in, and make improvements with the satisfaction that the same will be protected against vandalism which has been altogether too frequent there of late. Then again, there is some assurance that the surroundings will be more in keeping with such a place. Altogether, the taxpayers and citizens of Grand Island generally express their satisfaction regarding the city council's action, and there is very little if any complaint over the result of the agitation for a city cemetery.

* Grand Island Cemetery

Grand Island, Nebraska —Tuesday, October 12, 1976

CLEANED UP AND MARKED—The new East Grand Island Cemetery sign was erected last week and dedicated Sunday. Restoration and clean-up of the cemetery was a project of the Betsey Hagar Chapter of the Daughters of the American Revolution here and Boy Scout Troop 114, under the leadership of Chuck Aubushon. The Sunday dedication included presentations

by Mayor Oscar Bredthauer and Don Marquard, chairman of the Hall County Board. The two groups undertook the project of restoring the gravestones and cleaning up the cemetery as a Bicentennial project and although some work remains to be done, the cemetery definitely has a new look. (Photo by Dennis Grundman)

SCOUTS HELP DAR CLEAN CEMETERY — Members of Dens 2 and 3 of Newell School Pack 112 and Dens 1 and 2 of West Lawn School Pack 115 spent an afternoon recently helping cleanup litter and debris at the Duen-

nermann Cemetery. The Betsey Hager Chapter of the Daughters of the American Revolution is cleaning up the cemetery as a Bicentennial project.

Scouts Help Clean Cemetery

A group of local Boy Scouts had a busy day recently.

The scouts, from Packs 112 and 115 of the Knights of Columbus Troop 114, moved in with tools in hand to work on the East Grand Island or Duennermann Cemetery.

Students at Newell and West lawn Schools, the boys spent the day clearing the graves of litter, grass, weeds and overgrowth.

The Betsey Hager Chapter of the Daughters of the American Revolution

is restoring the cemetery as a Bicentennial project. The scouts volunteered their help for the clean-up work.

The chapter intends to put up a new fence before winter and volunteers are needed for the work, Mrs. Ralph Farrall, a project worker said. The amount allotted by the county for the project will barely cover the cost of the materials, she added.

She said that the chapter would appreciate volunteer time and funds from any organization wishing to help

and anyone interested may contact her or Gordon Jensen.

The clean-up by the scouts uncovered a number of additional marked graves which will bring the total known to be buried there to about 60.

Mrs. Farrall said the DAR is still seeking more information on unmarked graves and known removals.

Members of the chapter served refreshments to the scouts and their sponsors.

POOR FARM CEMETERY
HALL COUNTY, NEBRASKA

In 1879 Hall County purchased 160 acres of land, legal description: Northeast one-fourth of Section 32, Township 12 North, Range 9 West, Lake Township, Hall County, Nebraska. The purpose of the purchase was to establish a home for the "Paupers" as the indigent were referred to at that time. Later they were called "Inmates of the poor farm".

In the early days persons in this category were buried in a special plot in the Grand Island Cemetery. In 1881 the County Commissioners voted to set aside a small plot in the Northeast corner of the above described land to be used as a cemetery for the inmates of the Poor Farm or others who had no other place of internment.

At that time no records were kept of the persons who were buried there. Wooden markers were put up but they have long since deteriorated. There is no visible identification of the graves. There is no positive number of how many are buried in the cemetery. Estimates vary from 10 to 20 burials. Persons living in the area of the Poor Farm were aware of the cemetery, but paid little attention to it.

Some years later the County decided to use the plot of land as a storage place for their equipment. While excavating on the plot they came in contact with what was presumed to be a coffin. At that time a fence was put up around the area where the graves are assumed to be. A large sign has been put up on the north side of the plot identifying it as "The Poor Farm Cemetery".

Emil Roeser, son of a pioneer family and interested in the early history of the County, tells of a couple who were buried in the cemetery. The Man "Grandpa Hooten", a resident of the County, who had met with misfortune, was buried there. Later his wife was also buried there. In later years the children of the couple, then in better circumstances, came to see about moving the bodies to a cemetery near them. There was no way to identify the graves, so no further attempt was made to move them.

There were 2 women inmates, "Old Angeline and Mary", who lived at the Poor Farm for many years are no doubt interred there.

General Harris, who's parents lived at the Poor Farm as Superintendent tells about what his Mother did at that time. She felt that some type of identification should be made of the persons. She wrote a brief resume of the information available, put it in a mason jar, sealed it and placed it in the coffin with the deceased.

It is regrettable that information relating to the cemetery and persons buried there is so scanty. It only emphasizes the importance of accurate record keeping.

CEDAR VIEW CEMETERY
DONIPHAN, HALL COUNTY, NEBRASKA

Doniphan, one of the newest towns in Hall county was started in 1879. The first lot was sold to John Creason. Doniphan was located on the St. Joseph and Western Rail Road line. Earliest Settlers were: W. J. Buyer, Henry Denman, Samuel Beidelman, Charles Dufford, S. H. Lakin, S. Gibson and E. Upson. The one Newspaper to serve the community was the "Doniphan Index."

The first burial ground was located on the Byron Harrell farm, which had belonged to his Grandfather, W. J. Burger. There was an Indian encampment between the Cemetery and the Platte River. A disease epidemic (Probably typhoid), wiped out most of the Indians. About that time the Cemetery was moved nearer to the town on its present location, in the year of 1880. On November 6, 1887, burglars tried to blow open the Bank doors and the main street burned down. Much of the town was destroyed and so were the city records, including the Cemetery records.

Helen Mays of Doniphan, has charge of the present Cemetery records and has some additional information about some of the people buried there.

Markers were copied in 1982 by Marcella Peyton for:

ROSEDALE CEMETERY

North East Corner NE $\frac{1}{4}$ Section 33, Township 9 North, Range 10 West of 6th PM.
Hall County, Nebraska
4 miles South, 3 miles West of Doniphan, Nebraska

ROSEDALE CEMETERY was established about 1879 and was called HIGHLAND Cemetery. The name was changed in 1929 to ROSEDALE Cemetery. In 1902 an acre of land was added.

The first or earliest records have been lost. The records that exist are in the care of Mr & Mrs Ralph Brown of Doniphan, NE and they date back to about 1923. Names and dates have been recorded from the tombstones in the cemetery and these checked against records compiled by Mrs (Rolland) Lucille J Williams of Hastings, NE. Mrs Williams compiled her records about 1980. She also copied the tombstones and then compared this with the cemetery records where possible. From the cemetery records, the date the lot was purchased was obtained on many burials. This date will help genealogists to obtain obituaries where the tombstone only gave the year of death. The date the lot was purchased was usually the same date as the death or the burial. Mrs Williams also used the Rosedale United Methodist Church records in compiling her records. For this reason in some cases, we can give a more complete date of birth/death than appears on the tombstone and can include some marriage dates.

Note that on the South side of the cemetery, additional area has been added. Some of the lots are not yet numbered although only one of these had a tombstone when we copied the cemetery (it is noted as "NEW" on the map and listed between lot 147 & 149 in the numerical listings.) Other lots along the Southern edge do not appear in numerical order at all times....note on the map that at times the numbers are (example) 55 - 56 1/2 - 56 - 57 (the 1/2 numbers before the whole numbers.) For this reason be sure to check the Cemetery Map when looking for adjacent lots.

The cemetery records were recorded by Joeli Reher Govig

NOTE: Lot #66 - the stone was broken, unable to read most of the data.....the only thing readable was "Rev. Wm -----king"
(the tombstone was the same kind as the SANGER stone in lot 65 -- records show W.D. FULLER was the owner of the lot)

My Nebraska Aug. 27/66

Text and Drawings By Marjorie Travis

Eleonor Snedeker left no statesmen to fill our legislative halls, founded no institutions to bear her name, initiated no reforms to perpetuate her name. She was just one of hundreds of homesteaders, dauntless in courage, who blazed the trail for today, in Nebraska.

According to Mrs. Ada Gray Bemis, of York, winner of a prize in 1933 for recounting past experiences, this little woman, deserted by a husband, in New York, reared her children by spinning and weaving. Her crippled body resulted from rocking the cradle while she made her thread for weaving. She later married an elderly war of 1812 veteran, who died and left her a pension of \$8 a month.

At seventy, with all her children married, she, with one daughter, Delilah, and her husband and children, traveled by ox wagon to find land in Nebraska, where she hoped her daughter's health would improve. Bill, Delilah's husband, was to find a claim while she, also, would find hers.

In the fall of 1875, Mrs. Snedeker had chosen her land, but Bill, having had no luck, moved in with her for the winter. There were six children. Delilah, ill and coughing continuously, nevertheless helped her mother until one night, she awoke, saying, "Mother, are the children covered? It seems so cold. Did you hear something like wings striking at the door?"

Mrs. Snedeker, heating water for Delilah, turned from her task and saw that the white face was still on the pillow. There was no church, no minister, it was a cold raw day, but neighbors helped. One donated pine

boards he had hauled from Grand Island for his floor to make the coffin. She was buried on a windy hill.

When neighbors suggested putting the children in a home in Iowa, Mrs. Snedeker refused. "No school, no church, no nothing," she said, "but there will be a way."

When it became warmer, she decided to take the children back to New York to Bill's mother, who was younger and had volunteered to take care of them if Bill came too. They repaired the wagon and took their cows and all their best belongings.

On the trip one of the oxen died. But Mrs. Snedeker, resourceful at all times, hitched up one of the cows and they made the trip. After a few months, in order to keep her claim, Mrs. Snedeker bought another ox and made the trek back to Nebraska. Someone had stolen her well curb, a prairie fire had burned off her roof but kind neighbors once again helped the gallant little old lady build a better home, break some land and curb her well. She planted verbenas and other flowers on the grave of her daughter. She secured some hogs and about 500 trees during the next few years. She planted the trees herself and watered them by hand from an old wooden bucket.

When, in 1883, she sold the place, she asked that no one disturb Delilah's grave, and, with this clause in the sale, built a pine log fence around the plot. The brave little pioneer had saved enough money to have her claim recorded at the Grand Island courthouse. It was located 20 miles west of Grand Island on Prairie Creek.

BERWICK CEMETERY

HALL COUNTY, NEBRASKA

1876 - 1984

The Berwick Cemetery, located southeast of Cario, is in Section 33, Township 12 North, Range 11 West of the Sixth P.M.

Legal Description: Commencing at Southwest corner of the southeast quarter of Section 33, Mayfield Township, thence, running north 80 rods, thence, running east 18 rods, thence, running south 25 rods, thence, running west 17 rods, thence, running south 55 rods, thence running west 1 rod to the point of beginning. Containing 3 acres and 25 square rods.

The land for the cemetery was donated by one of the very first settlers of Mayfield Township, Jacob Rickard. The Rickards were from Herkimer County, New York, removing to DeKalb County, Illinois in 1851. In 1873, a group of people started out in a caravan by ox team for Nebraska. Some of the families were the Rickards, Watsons, Partridges, Muzzeys, Resewicks, Farmers and Waldrens. Many were ex-soldiers and as such entitled to file on a larger acreage of land than the ordinary citizen. They all settled near each other and were neighbors southeast of Cairo. It was at this time that Jacob Rickard gave land to the community for a graveyard named Berwick Cemetery. He, his wife, Mary and daughter, Pheobe were among the first to be buried there. The first person buried must have been Wiley C. Halstead who died 29 June 1876.

Records show the deed issued for the cemetery was 18 October 1884.

Cemetery records were recorded by Barb Harris and Marilyn Furrow

CAMERON CEMETERY
HALL COUNTY, NEBRASKA

Established 1878

In 1976 Mr. Verle Dority, a life long resident of the area and his father and his grandfather before him, wrote "The History of the Cameron Cemetery" for the Cameron Cemetery Board and the Hall County Historical Society. The material for his history was gathered from researching old cemetery books, secretary notes, deeds, and talking with the old timers of the area. Following are excerpts from Mr. Dority's "History of the Cameron Cemetery."

Ezekiel O. Palmer homesteaded the SE $\frac{1}{4}$ of Section 22 in Cameron Township and recieved title to the land from the U.S. government in April 1880, but in November 1878, a small part of this land had been set aside for the Cameron Cemetery.

A page from an old secretary's book says, "Thanksgiving day, November 20, 1878. The Graveyard was run off into lots by the trustees and people congregated for this purpose." J. P. Goodrich, clerk of the board of trustees.

This original plot of ground, located directly west of the present church was approximately 11 rod square. It consisted of 48 lots, each 16' x 24' with a 4' alley between the rows. Lot No. 1 was in the NE corner, numbering 8 lots to the west, dropping South 1 lot and numbering back to the East.

An original map was drawn with all the 48 lots being numbered and about a dozen names placed in the map showing the early owners. The number 1 lot in this original map was labeled "Mr. Boley's child."

A later map, the exact date unkown but one that is now up to date and showing all the new additions, shows that, evidently six additional lots were added along the East edge of this original plot, making a total of 54 lots. This also made the "Boley's child" lot No. 2 with Edwin S. Lee now being No. 1 lot.

Nowhere is there a record of why these six extra lots were added or when they were added. Perhaps they were added at the same time as the 1st addition was added in order to make a more complete square edge along the east side.

In 1883 E.O. Palmer deeded land to the Cameron Cemetery Association for additional cemetery ground for which he received \$25. This land lay North of the original section and was bound on the North by the creek. This gave an additional 27 lots.

In 1887 Mr. Palmer deeded land to the 1st Christian Church for a church site. Also at this time a fence was put around the cemetery.

A second addition of land was purchased in 1904 from Fred and Sophie Shultz. This piece of land cost \$200 and extended the West boundary to the present North South row of trees. This added 91 more lots.

In 1926 2 more acres on the West side were purchased from John A. Ewing for \$300 and extended the cemetery to its present boundries. The new addition added 224 more lots.

Throughout the years many trees were purchased and improvements were made in the cemetery. The present "Soldiers Memorial" stone was erected in 1914. In 1920 the Flag Pole was erected. In 1927 a new fence was placed along the whole South side of the cemetery. It had an arch over one drive and double swinging gates at all turn ins, in addition to pedestrian gates at each driveway. In 1961 arrangements were made for a perpetual care fund.

Along the fence, running north from the tool shed, two or three bodies have been buried in long ago times. Some older people recall that this area was "Potter's Field," a place for burying people who had no family, kith or kin. Usually these people were penniless and a plot could not be purchased nor funeral expenses paid. The township or community then laid the body away in this "Potter's Field." The bodies buried in this area are all in unmarked graves and all are now unknown.

The first body laid to rest in the original section of the cemetery was in "Wysong" plot. A Civil War Veteran and relative of the Wysong family. In the Wysong lot is an old type stone marker with the name of W.G. Neith on it. He was a member of the 28th Pennsylvania Infantry and member of the GAR. The stone, however, has no date of death. No doubt burial was made shortly after the cemetery was laid out and the lots run off.

According to the Wysong family, even though Mr. Neith was first burial in the cemetery, there was an older corpse that had been buried there. According to them, "Mr. Boley's child" had died several years before 1878 and had been buried North and East of the creek. After the cemetery was laid out, this child's body was exhumed and reburied in Cameron Cemetery in No. 1 lot as the lots were first laid out and numbered.

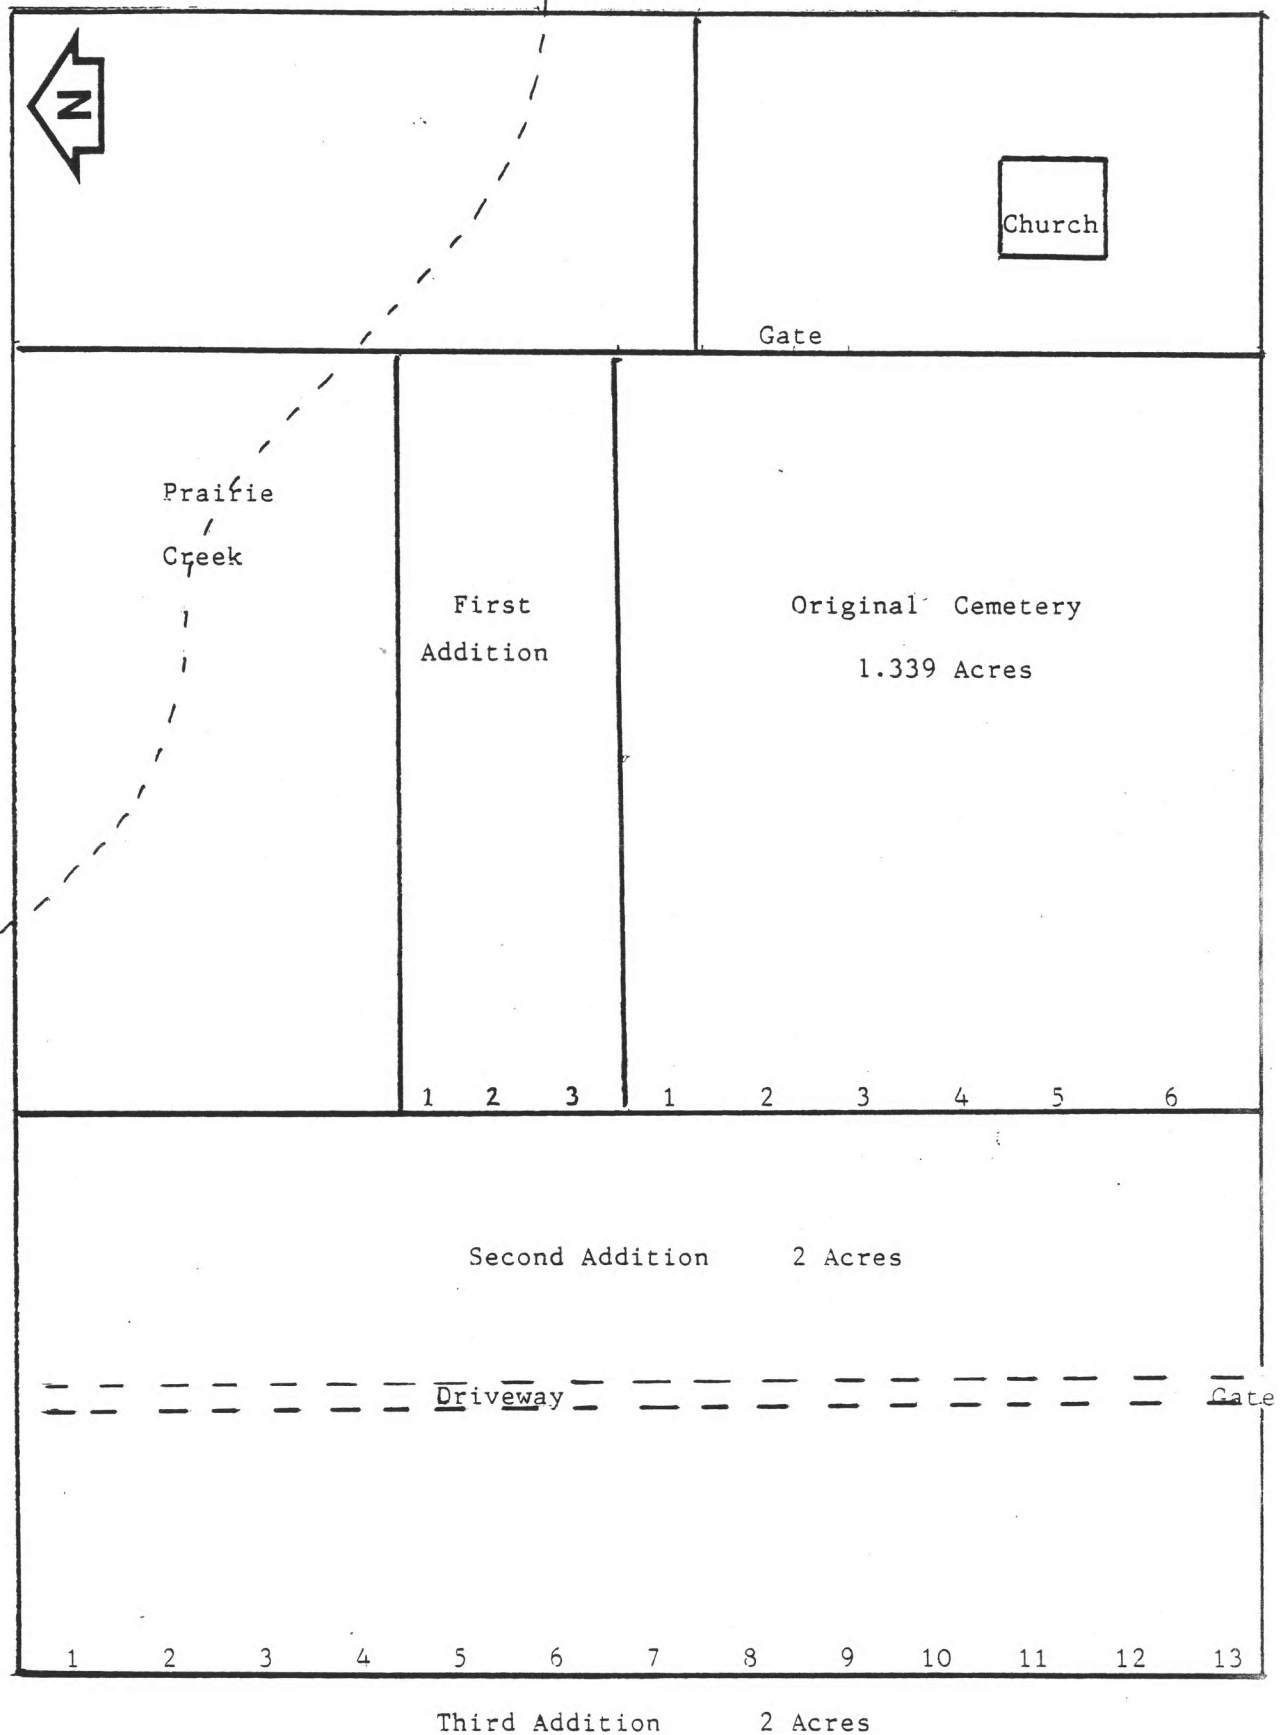

There is a very large Scotch Pine tree which grows in the center of the original cemetery. One wonders where it came from and how it got here as it is not a native tree of this area. The early map of the cemetery lots shows a "Guy" lot in the area of the tree. According to one very sketchy story, Jonas Guy, an early settler, had buried a loved one there and planted the tree at the grave site around 1878-1880. Mr. Guy brought the tree from Iowa where he had previously lived. But no stone or marker now exists. The large Scotch Pine tree seems to have covered every thing up.

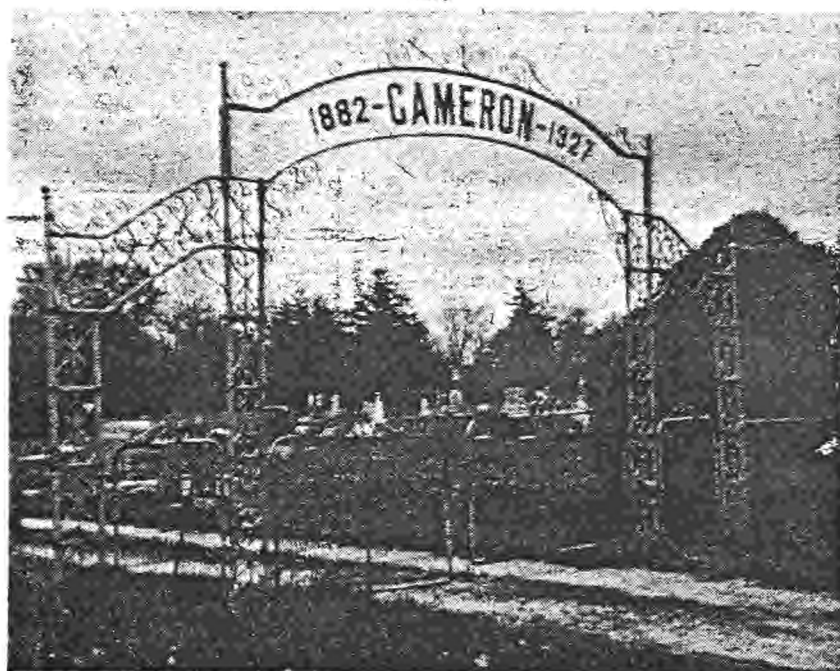

The 4th lot South from Lee's No. 1 lot labeled lot No. 36 on the map is Bill Dubbs lot. Bill Dubbs had homesteaded on Section 36 in Cameron township, arriving in the summer of 1872. He came from Iowa, where in 1871 he had buried an infant son, George. While on this homestead, a son Willy, was born to the Dubbs family in 1876 but died at the age of 3 years in October 1879. Willy was buried in a grave on the bank of Prairie Creek that ran through the homestead. Here Willy rested for about 4 years. One day, Mr. Dubbs purchased lot No. 36 in the Cameron Cemetery, had Willy's casket dug up and reburied in the family's new lot. At this time, a trip was made to Iowa to get the remains of infant son, George, but the passing years had erased all signs of where George had been buried. As a result, the infant, George, still lies in an unknown grave in Iowa.

The Cemetery markers were recorded in 1982 by Jodi Reher Govig for:

PRAIRIE PIONEER GENEALOGICAL SOCIETY, INC.
P. O. Box 1122
Grand Island, Nebraska 68802

CAMERON CEMETERY, HALL COUNTY, NEBRASKA

ENTRANCE — The entrance of Cameron Cemetery near Wood River tells the date of the formation of the cemetery association. (Photo by Sunny Welch)

By **SUNNY WELCH**
Independent Correspondent

WOOD RIVER (CNS) — Situated 8½ miles northwest of Wood River is Cameron, the third local cemetery included in annual Memorial Day services conducted by American Legion Post 314.

According to the record book, land set aside for Cameron Cemetery was run off into lots Nov. 20, 1878. The plot was about 11 rods square and included 48 lots, each 16' x 24' with a four foot alley between the rows. Later six additional lots were added on the east edge of the original plot.

The oldest grave is marked "Mr. Boley's child" but it was not the first. The child had been interred elsewhere and, after Cameron was laid out, was exhumed and reburied in the new cemetery.

The first to be buried in Cameron is believed to be W. G. Neith, a member of the 28th Penn. infantry, a Civil War veteran and member of G.A.R. He was a relative of the Wysong family and was laid to rest in their plot.

A lofty Scotch pine growing in the center of the original graveyard is a noteworthy feature. About 70 feet tall, it probably is at least as old as the cemetery but no records reveal when or by whom it was planted.

The Cameron Cemetery Association was formed in 1882 with J. S. Lee, J. P. Goodrich and H. C. Streater elected as trustees. That year E. O. Palmer deeded land north of the original section for \$25 which added 27 lots.

Palmer deeded land in 1887 to the First Christian Church for a building site east of Cameron. Cemetery lots were selling for \$5 then, and a fence was installed to enclose the burial ground.

In 1895 the number of trustees was increased to five, and a set of by-laws were drawn. A second addition of land was acquired from Fred and Sophia Shultz for \$200 adding 91 lots.

The original "soldier's monument," which had been removed three years earlier, was replaced in 1914 by a "soldier's memorial stone" which still stands.

The cemetery was extended to its present boundaries with the purchase of two more acres on the west side from John Ewing in 1926 for \$200. This provided for 224 more lots.

The caretaker, James Ewing, received 40 cents an hour for hand labor in 1930 and 55 cents for work with a team but these wages dropped to 35 cents and 50 cents in 1932. The balance in the association's treasury was \$2.87 at the end of that year.

The Cameron Cemetery Auxiliary was formed in 1895 as a Sewing Circle, the women made quilts and articles to sell and sponsored other events to earn money for the care of the cemetery. Cameron township contributed \$100 annually for many years, and later increased it to \$125.

In 1960 articles of incorporation for the cemetery were drawn up. A Perpetual Care Fund was established the next year. Requests including \$3,800 from Theo Ewing, \$500 from Elizabeth Miller, \$4,200 from the Will Ewing estate, and in 1970 a check for \$28,000 from the Archie Ewing estate have swelled the association's interest carry accounts so the future care of the cemetery seems assured.

A warranty deed for the church and burial grounds was given by Ed Hanousek, who had purchased the 160 acres on which the cemetery is located, in 1972.

Members of the current Cameron Cemetery Board are Bob McClurkin as president; Dave Dubbs, secretary; Keith Hinkson, treasurer, and Elton Dubbs, William Dubbs, Lavern Bonsack and Ron Waddington.

Among the veterans buried in Cameron are 29 from the Civil War, World War I — 4, World War II — 3 and Korea — 2.

WOOD RIVER MENNONITE CEMETERY
HALL COUNTY, NEBRASKA

The Wood River Mennonite Church and Cemetery are located in the southwest corner of Section 25, Cameron Precinct, Hall County, Nebraska.

According to Amos Boshart of Cairo, Nebraska the oldest member of the church, the first church was built in 1907-1908. The first burials were children originally buried on the family farm and then reburied in the cemetery after it was started. The first burial is the grave in the northeast corner of the cemetery: Barbara Stutzman, wife of William Stutzman, who died 21 September 1911.

The cemetery is divided into two sections: The young children and babies are buried on the west side of the cemetery in two rows along the west fence. This is known as the Children's Section. The other section of the cemetery consists of four rows along the east fence. This section is all adults (over 20) with the exception of four graves of small children found together at the north end of row three. Row four is the newest row at this time with only one burial in it, in the center.

Clarence Stutzman is the Sexton of the Cemetery. Recorded 1 July, 1982.

Wood River notes cemetery history

Second of a series

By SUNNY WELCH
Independent Correspondent

WOOD RIVER (CNS) — Members of Connor-Benson Legion Post 314 conduct annual services on Memorial Day at each of the three local cemeteries.

The Legionnaires' service includes placing a wreath on the cemetery monument, a gun salute, playing of Taps, and installing a small flag on all the graves of veterans buried there.

This year, in conjunction with Wood River's Centennial celebration, the Legion Auxiliary will also participate by reading at each cemetery a history of the site. Grace Jackson is in charge of the presentations.

The first cemetery visited will be Wood River Cemetery, a public burial grounds a little more than seven acres in size, 1½ miles east and a half mile south of the town.

A group of interested citizens met on Jan. 4, 1879, and formed the Wood River Cemetery Association. Charter members included J.H. Murphy, David Barrick, James White — all elected as trustees; C.E. Towne who was named clerk; and J. D. Ellis, N. R. Ramsdell and John Nelson.

Murphy donated two acres of land to the association for the cemetery, and at a Feb. 1, 1879, meeting of the board, B.L. Colwell contributed two more acres. Board members voted that two lots on Murphy's land and one lot for each of Colwell's children be set aside for them free of charge.

According to the records, Lot 89 was in Murphy's name, and Lot 143 in Colwell's. The north half of the cemetery was Murphy land and the south part was Colwell's. A northern and southern entrance gate, each framed by brick pillars, were installed on the east side of the burial grounds.

Murphy was authorized to procure 300-400 cedar trees in March, 1879, to be planted in the cemetery.

The oldest marker on the grounds was transferred after the cemetery was created. Etched on the small gray marble stone is the inscription: "James D. Cornwell, Feb. 5, 1846, Mar. 13, 1875."

In October, 1909, board members gave permission to the G.A.R. (Grand Army of the Republic) to place a monument within the circle of trees in the center of the cemetery providing the base was solid concrete 12 feet square and at least seven feet above the ground.

Four legs of concrete blocks were built up and widened into connecting arches to support the 12' concrete base, rising to a total height of almost eight feet. Stacked atop the center of the base are three smaller bases, graduated in size, and crowned by a 2½ feet high marble block. A uniformed soldier holding his gun "at rest" stands on top the marble block.

Engraved on the block is, "Erected 1910 by Bradley Post No. 134 G.A.R.; Womens Relief Corp No. 61 and Citizens of Wood River and vicinity."

At one time steps led to the top of the large concrete base but they have long since deteriorated and been removed. A railing still enclosed the upper perimeter of the base.

An old civil War cannon mounted between two large wooden spoked wheels sets underneath the base, clearly visible through the arches. Two stacks of cannon balls that were originally piled beside it have been stolen.

In 1929 the association board elected to purchase three additional acres of land for the cemetery from Dr. Green for \$200 per acre. Pine trees were planted around the perimeter in 1935.

Plans were made in 1973 to solicit donations to raise \$10,000 to be added to money on hand for a Perpetual Care Fund. By June of the next year, the goal had been attained which, combined with the balance on hand, brought the total for perpetual care to over \$20,000. Since only the interest is available for providing for the necessities of the cemetery, donations from many generous contributors have helped.

Severe signs of deterioration were discovered in the monument's supporting structure in 1980 so repairs were made by Bob Trompke. It received a new coat of white paint, the cannon black, and the wheels red. Elmer Straube of Grand Island cut down and hauled away dead trees.

Current members of the Cemetery Board are Bill Luehr, president; Dora Franke, treasurer; John Carter, secretary; Marge Hauke, Gavis Burmoos, Robert Derr, LaVern Luhn and Earle Brittin.

Derr and Luhn are in charge of the groundskeeping of the cemetery, and Trompke is employed to keep the seven-acre area mowed.

According to the records, veterans buried in Wood River Cemetery include one from the Spanish-American War; Civil War, 65; World War I, 34; World War II, 18; Korea, 4, and National Defense, 1.

Cemeteries history gold mine

There are few places where imagination re-creates history more vividly than in an old cemetery. Names, dates, inscriptions, poems and carvings on weather-beaten markers often better capture the flavor of yesteryear's personalities and events than do history books and museums.

Nebraska has scores of such sites, some containing hundreds of memorials, some with dozens of markers, others with just one or two.

Some of the larger grave sites include Fort McPherson National Cemetery near Maxwell, the final resting place for numerous military heroes and colorful frontier characters; the Pioneer Mormon Cemetery in Omaha where a haunting bronze plaque and statue serve as a memorial to the 6,000 Mormons who died enroute to Salt Lake City between 1846-1869; and Omaha's Prospect Hill Cemetery where many of the city's founding fathers are buried.

There are others. In northwest Adams County, near Kenesaw, is a monument to Susan O. Hall, a cholera victim on the Oregon Trail. An iron fence surrounds a temple granite monument to Rebecca Winters on the Burlington Railroad right-of-way 2½ miles southeast of Scottsbluff. She died along the Mormon Trail and her descendants in Salt Lake City still

make pilgrimages to her grave. Amanda Lamin, another cholera victim on the Oregon Trail, is commemorated with a marker on U.S. 26 between Bridgeport and Broadwater.

A small cemetery near Ash Hollow State Historical Park contains the graves of Rachel Pattison and other emigrants. The St. Deroin Cemetery in Indian Cave State Park is one of the few reminders left of a once-bustling riverport. Boot Hill in Ogallala was the last stop for horse thieves, card cheaters and others who ran afoul of the law. A 35-foot high shaft of Minnesota pink granite stands at Massacre Canyon, three miles east of Trenton, where the Sioux nearly exterminated the Pawnee in an 1873 battle.

A historical marker in the Neligh Cemetery tells of the Ponca Indians' "Trail of Tears" and marks the grave of the child White Buffalo Girl. The Campbell Monument west of Doniphan serves as both gravestone and memorial to the victims of an 1867 Indian raid.

These and others are listed on the accompanying map. You may know of other historic cemeteries in the state. A visit to any of them can be a walk through time to the tears, tragedies, triumphs and accomplishments of the past.

Guide to Nebraska's Historic Cemeteries

Presented as a public service by

and this newspaper.

ST. MARY'S CATHOLIC CEMETERY, HALL COUNTY, NEBRASKA

1878 - 1984

First of a series

By SUNNY WELCH
Independent Correspondent

WOOD RIVER (CNS) — The dead of the first Irish Catholic settlers in Wood River were buried in the yards of their homesteads, along the banks of the Platte River or in a pasture owned by Richard Moore according to various accounts.

Among the early dead were some of the children of the pioneers. Scarlet fever was the cause of death for three O'Brien boys and a son of Anthony and Mary Moore.

The original town of Wood River was platted in 1866 by General Grenville Dodge, chief engineer for the Union Pacific Railroad, on a site two miles west of where the town is now situated.

The Irish Catholic community made arrangements for a burial place after completing the rough-hewn St. Mary's church on the north edge of the settlement.

Land was transferred from the railroad to the Rt. Rev. James O'Gorman, Bishop of Nebraska, when a deed for Block 4, located on the west edge of town, was recorded on June 1, 1868, for the sum of \$1. This was the start of St. Mary's Cemetery.

Bridget Phelan Bulger at age 80 was the first to be buried there on June 13, 1878. Markers with earlier dates are found in the cemetery but they are for bodies transferred from other sites.

In 1874 Wood River was moved eastward. On March 20, 1878, a deed was recorded showing the purchase of land from the railroad by Anthony and Patrick Moore and Patrick Neville, trustees of St. Mary's. A sum of \$240 was paid for land around the block already owned by the church, bringing the cemetery property to a total of 40 acres. This was transferred to the Rt. Rev. James O'Connor, Bishop of Omaha, for \$1 in 1888.

It was reported that Martin Brett, known as "Unc", remarked how hard it was to find pine trees and evergreens to plant in the cemetery. He and James McGuire were among groups of men who traveled as far as Central City and Cedar Bluffs to bring back trees for transplanting.

A large arch was constructed over the entrance gate on the east side of the cemetery on which were the words, "It is a Holy and wholesome thought to pray for the dead that they might be loosed from their sins."

Throughout the years many women of the parish served on the Cemetery Board for Perpetual Care with Nelle Finan and Mamie Lane, in par-

ticular.

The pastor of St. Mary's church from 1921 to 1965, Father Timothy Sullivan, took great pride in keeping the cemetery grounds well cared for. He had a large size Crucifixion group placed in the middle of the grounds in 1923, and for many years celebrated a Mass there on Memorial Day.

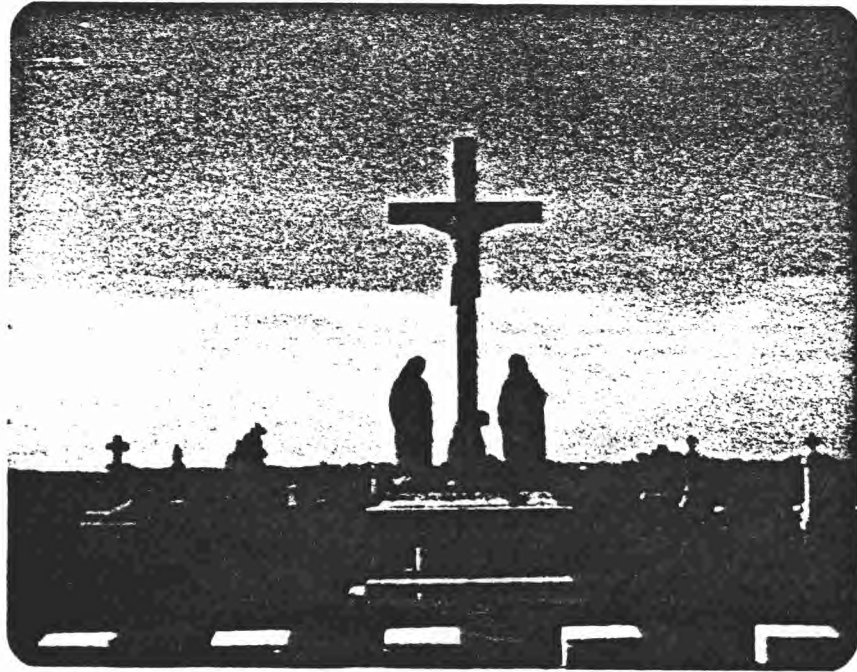

Many of the evergreens died in the drought in the 1930's and had to be removed. Complete re-landscaping by Earl May of Grand Island took place in 1966 when all the old trees were replaced by new.

Every two years 27 acres of cemetery land not used for burial are farmed out, along with 80 acres from the Finan estate, to the highest bidder.

When the weather cooperated, a Memorial Day Mass has continued to be celebrated every year at the cemetery. Leonard Palacz is the current caretaker.

Morris McGuire has served on the Cemetery Board for many years and has kept the records for the last 15. Other current board members are Harold O'Kane and Clem Wortman.

The veterans laid to rest in St. Mary's Cemetery include 12 from the Civil War, 3 Spanish-American, 18 World War I, 10 World War II, 1 Korea and 1 National Defense.

MOUNT PLEASANT CEMETERY
CAIRO, HALL COUNTY, NEBRASKA

From: Wood River History by Mabel Voland.

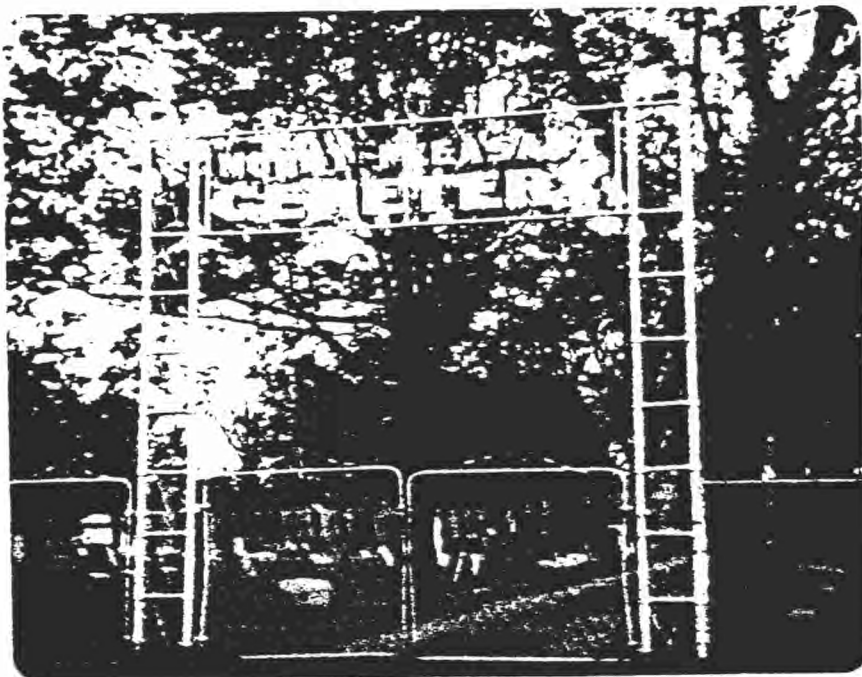

Julius E. Locke filed for homestead in 1881, Patent granted April 29, 1882 was filed Dec. 1882. Julia L. Locke, wife of Julius, sold to Cemetery Association 3 acres Dec. 14, 1882. A Warranty Deed - L. D. Fowler Levs; Trustees: John Schuman, Edmond Locke and John Pedley, filed: June 2, 1883. Second time bought land to enlarge cemetery from Levi Hinkson and wife, Emily, Sept. 12, 1928 at \$2.00 per acre.

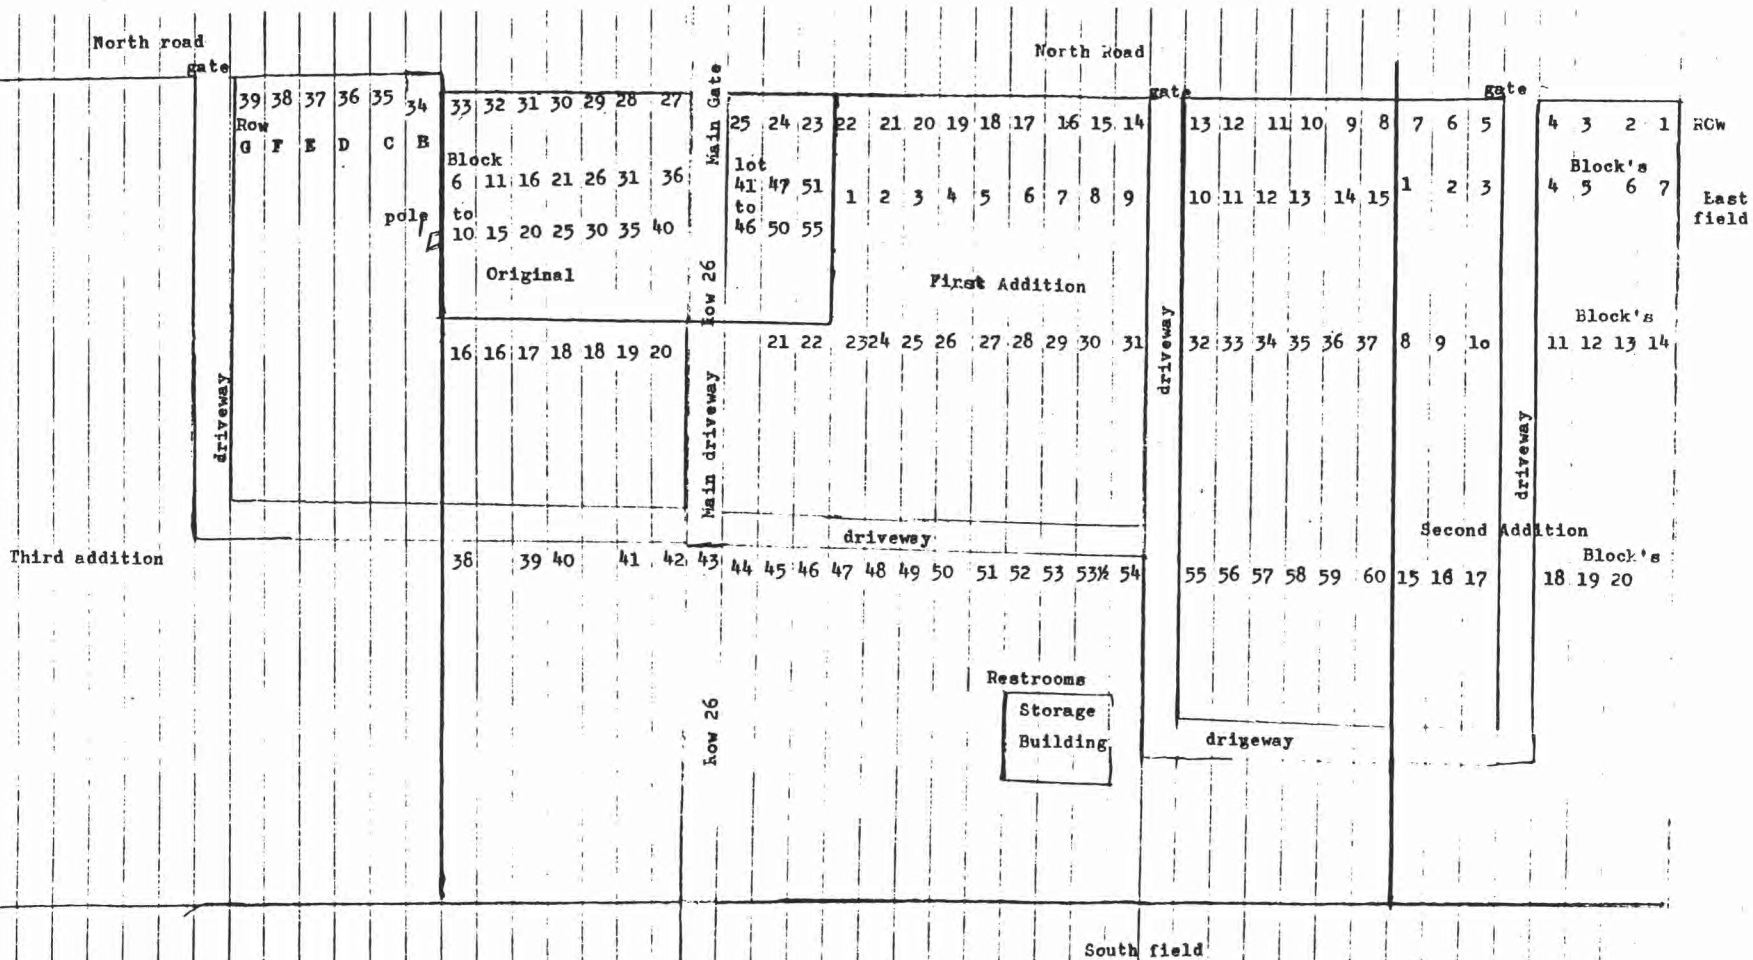

I, C.A. Baldwin, County Surveyor in and for the County of Hall, State of Nebr. do hereby certify the accompanying Plot is a correct plot of Mt. Pleasant Cemetery, located in the NW $\frac{1}{4}$ Section 26, T.12N., R.12W. of 6th P.M. and is located in Hall County, near Cairo, Nebraska. Size of plotted piece is 24 rods East and West, by 20 rods North and South. All lots are 10 feet by 20 feet. The said plot contains three acres. Survey made: April 6, 1887-1893, Grand Island, April 1893.

There is many different kinds and shapes of monuments each with its own art work and epitaph. The monuments and memorial to those who served in the wars. The ones who came after the Civil War and the ones who didn't come home from other wars.

After many hours spent reading and rechecking tombstones, in rain, heat, wind, cloudy sky and sunshine, I feel I know many of these families. We wonder where they came from and where their ancestors and descendants lived. Buried in the family lots are many babies, but only after reading the obituary of their other children do you realize how large these families are, and the impact they had on the surrounding communities.

I thank Jo Riedy for the help and time she gave, Erma and Lloyd Muller for their help and support. By: Darlene Muller.

SHELTON CEMETERY
HALL COUNTY, NEBRASKA

The Shelton Cemetery is located on the South East one-fourth of the South West one-fourth Section 6, Township 9, North, Range 12 West of the 6th P.M., Hall County, Nebraska.

Edward and Sarah Oliver sold the site to the Shelton Cemetery Association on 29th July 1885 for \$200.00. Katherine Kirk, widow, Lawrence F. and Gladys E. Haug, Adelaide and Dale Stubblefield, Ethel M. Donalson and Marie Hibberd deeded 2.5 acres to the Cemetery Association on 10th August 1959 for \$750.00.

The cemetery site was surveyed by William Ensign in August 1885 setting the square ten acre tract into 567 numbered lots.

Mrs. Mabel Vohland, Gibbon, Nebraska with the help of Mrs. Glenn Garrett and Jackie Garrett copied the information from the markers in 1963. Mrs. Vohland updated and published a burial list in 1970's.

The Prairie Pioneer Genealogical Society, Inc. assigned Diann Muhlback to obtain the marker information. She updated Mrs. Vohland's list to 1983.
