The probate records are held by the Frontier County Judge Magistrate. The majority of the index is on 3x5 cards. Current probates are indexed on the computer.

In the summer of 2003 I finished the index cards for the Frontier County Clerk. In return for my work she gave me a copy of the index. I extracted the case numbers, the names and the dates and the probate type if noted. Some guardianship cases have all parties named others may not. Some cases are not specified and are assumed to be death probates.
