The files of the Court of Records contain all original records from 1878 through 1929. They are the records in their original form as submitted by the applicant to the County Clerk's Office. They contain names of persons who were naturalized in Frontier County, Nebraska.

These records were prepared by the County Clerk's Office during the period mentioned.

In August 1994 I received a copy of the original records from the County Clerk and also received a copy of the records. These are copies of the original records. All information on the index card is in the original records. The "Full Name" is a combination of the "Name" and "Given Name" fields and the "Date" is a combination of all dates.

Index to Naturalizations

These records were left on file in the County Clerk's Office and were indexed in the County Clerk's Office. The records are in the County Clerk's Office and are available to the public. The records are in the County Clerk's Office and are available to the public. The records are in the County Clerk's Office and are available to the public.

Frontier County, Nebraska
Naturalization Records
1878 - 1929

The District Court of Nebraska naturalized citizens at Stockville from 1878 through 1929. There are 216 records in two volumes that are maintained by the Frontier County Judge Magistrate. Five records were denied and one record had neither volume number nor naturalization date listed.

Index cards were prepared by the Works Projects Administration during the depression.

In August 2004 I scanned the cards for the Frontier County Clerk and she provided me with a copy of the cdrom. These are extracts from those cards. All information on the index cards are in these records. The "Full Name" is a combination of the "Surname" and "Given Name" fields on the card and the "Other Facts" is a compilation of all notes on the reverse of the index card.

Known misspellings were left as seen on the index card. Two index cards had been identified as having incorrectly spelled surnames. These were brought to the attention of the County Clerk. We verified the correct spelling was in the record book and made pen and ink corrections on the index cards. (A Tobaben and a Toberer were originally indexed as Fobaben and Foberer.)

The Bristol County of Massachusetts Historical Society at Stockville from 1878 through 1910. There are 150 records in two volumes that are maintained by the Bristol County Index. The records were bound and one record had another volume number was attached to the book.

Index cards were prepared by the Works Projects Administration during the Depression.

In August 2004 I searched the card for the Bristol County Clerk and the provided me with a copy of the card. There are extracts from those cards. All information on the index cards are in the records. The "Full Name" is a combination of the "Surname" and "Given Name" fields on the card and the "Other Facts" is a combination of all notes on the reverse of the index card.

Known mispellings were left as seen on the index card. Two index cards had been identified as having incorrect spelled surnames. These were brought to the attention of the County Clerk. We verified the correct spelling was in the record book and made the correction on the index cards. (A Tobson and a Tobson were originally indexed as Tobson and Tobson.)
